

Push button Switch – COB

Specification

COB push button is suitable for circuit of AC 50 or 60HZ, rated voltage to 380/415V, rated current up to 10A as controlling start and stop of remote and widely used in wharf, machine tools, textile machineries, etc.

- 1) Ambient temperature: -20°C ~ +50°C
- 2) Rated insulation voltage: UI=500V
- 3) Pollution class: III
- 4) Degree of protection: IP65/IP66
- 5) Altitude above sea level: <2, 000m
- 6) Meets IEC60947-5-1, EN60947-5-1
- 7) Mechanical Life: 10⁶
- 8) Electrical Life: 5⁶

Packing: Standard export packing
